QRM 2012 CQ DX Marathon

Thanks for the great contest . . . **K5EK**. I really enjoy the Marathon . . . **NØKE**. Thanks for a nice competition . . . **I2ZAMW**. Thanks so much for a fun experience . . . **WA5KBH**. Antenna was down until May - happy with 40 zones and 220 entities . . . **E73Y**. Please consider 'by Continent - per band' and 'by Continent - per mode' awards . . . **W1WBB**. This was my best year ever . . . **KJ8O**. First Year in Marathon - late start . . . **K9WIS**. Was away a lot this year so I missed a few good ones. Will try CW only in 2013 . . . **K4UTE**. Thanks for a nice contest . . . **SP3BGD**. Thanks for organizing the Marathon - will be in it again in 2013 . . . **VK8HPB**. I only operated about half of the year, but it was still fun . . . **WØEWM**. Please consider an overlay category of tribander-wires for the unlimited class. Not all Unlimited Class stations are created equal . . . **W4CU**. Set myself a target of 200 entities on 12 meters and made it. Never heard a Zone 2 . . . **MØTTB**. After reviewing your list of pirates, I lost a couple!! Always fun to do...now start all over again . . . **K9CT**. Another good year for the Marathon, biggest surprise was being called by HS0ZIV. CC&R restrictions can be overcome, it just takes patience . . . **K8CQ**. Did not get to last years score but got to work 11 new entities . . . **WP3GW**. Lots of fun, but requires a real commitment . . . **N3XX**. 160m propagation was different from last year, but the fun still the same . . . **N4IS**. Six months of 100w and indoor dipoles didn't help a bit. Missed quite a few good ones . . . **K3KO**. Found the 706T "problem" with 2 hours to go, so no zone 21 this year . . . **N5PG**. Very good year. My wife jokingly says I'm crazy on Marathon . . . **UT9FJ**. This is a great contest for all levels. Plenty of time to chase all entities, and a real test against oneself to beat one's previous year score . . . **VK3FM**. Just purchased and read W9KNI's 'A Year of DX' and it got me curious about what my score would be. Looking forward to putting on a more serious effort for 2013 . . . **W2RDS**. Another great year of DX'ing - a LOT of fun....**W9KNI**. This is my first entry in the Marathon. I enjoyed the challenge throughout the year . . . **W1WBB**. I spent another year in the competition but the results were lower . . . **IK5FKF**. A fun challenge. Did not realize I had worked so many entities and especially so many zones . . . **WA5KBH**. All Mobile . . . **WA7QCC**. All QSOs were worked while mobile...**JA7OXR**. All QSOs made while mobile, using 40 watts or less . . . **AF5CC**. All QSO's were holiday style while in South Africa during Dec 2012 . . . **ZS1D**. Another swell year of DX'ing . . . **K6YK**. Another very enjoyable one . . . **G4MUL**. Another year of fun and improvement in my score. Missed a few that were on mostly because I could not hear them. Not sure what my goal for 2013 will be . . . **W4QN**. At the beginning of December, I decided to try and see how many extra slots I could achieve. Normally, I just enter whatever I have worked throughout the year, without chasing DX that I have already worked....**GUØSUP**. Best DX year I've ever had . . . **WB4YDL**. Completely forgot about working the western VK stations for zone 29. Now have a large note above the radio desk . . . **WA4JQS**. Conditions at the end of the year not anywhere near as good as last year, which was rather disappointing . . . **AF7S**. The Marathon is fun! My goal is to improve my result in 2013. Got 314 in 2012, so will be hard to work more than this from up here in Norway . . . **LA9DFA**. Despite little spare time, I achieved a good score. See you in 2013 . . . **YV6BXN**. Dxing is fun...it's a great pleasure for me to join this challenge . . . **DU2BOQ**. Easier in the early part of the year . . . **G3KMQ**. First entry in the Marathon. Thanks to AA6YQ for the DXKeeper software Marathon submission export which makes submitting this scorecard rather easy . . . **N9KY**. First entry in the Marathon. Didn't realize my progress for the year until I entered the data for my submission summary . . . **AJ4A**. First time to enter. Unless I am in a contest I only operate late at night or early morning, so I am sure I am missing out on a lot of DX . . . **EI4CF**. First time to send in an entry. Looking forward to trying to beat my score in 2013 . . . **EI2GLB**. First year entering. Will work a little harder in 2013. Didn't realize I had worked so many on 40 meters . . . **K9CJ**. G5RV lying on the condo roof. It works some . . . **KH6OA**. Great activity! Looking forward to the 2013 Marathon

. . . **SM2LKW**. Great award, an incentive to re-work DX countries . . . **VK4GH**. Had a lot of fun on the air in 2012. K4CY kindly added a function to Logger32 to identify 'new ones' for the current calendar year, and AD1C's handy Marathon utility extracted the data . . . **ZL2IFB**. Missed some entities due to several long trips. 73 to all participants . . . **A65CA**. I didn't have as much time this year and missed some crucial ones due to travel, etc. I hate when life interferes with my fun! I enjoyed working on the Marathon as always . . . **NDØC**. Fun year . . . **N6ML**. Missed a few earlier in the year - will be more vigilant in 2013. Thanks again for an interesting competition.....**VK3HJ**. I made a Total of 702 QRP contacts in 2012. Main highlight was working JX9JKA on my first call with just 1 Watt . . . **M5AEF**. I really enjoy the Marathon each year, gives me a reason to get on air even from my very compromised station. As a legally blind operator I do a lot with text to speech software or else I get some keyboard help from my very understanding wife . . . **VK4BL**. Thanks for the Marathon - a definite urge to turn the VFO, in addition to being a reason for doing what I like: the DX hunt . . . **IKØZD**. I use only 5 watts out which is the usual power for QRP entries. I love this contest!! . . . **W8QZA**. I wasn't aware of the Marathon until the year was over. I will be more active in 2013 . . . **KD8NYO**. It makes me sick that I did not find a zone 29 or work any station in Corsica this year!! I was just not paying attention and then once mid December came around I could not find anybody there! Oh well . . . **K3STX**. It was fun . . . **DL5AN**. I have a relatively simple station and I love working DX . . . **KJ4VTH**. Heard more than I was able to work with my 100W and small antennas . . . **EI7JZ**. All contacts are made with a indoor wire loop 32 feet attached to the ceiling of the top floor of the house . . . **HB9CBR**. It was a nice year for DX - another two dozen got away from me . . . **Ai2C**. Missed the last 7 weeks of the year because I was on ZL9. Do I get credit for ZL9? . . . **W2LK**. My favorite contest of the year - thanks CQ . . . **N1AM**. My first ever submission to the Marathon and my first ever solar cycle. What a great year with plenty of new ones . . . **VU2CDP**. My first Marathon and a great time. I need to add some WARC band antennas . . . **N4KW**. My only regret is that I did not work harder to defeat W9KNI, maybe next year . . . **K9DDO/4**. My second year and slightly better than 2011. Missed out on a few but a great year for Dxpeditons. A very enjoyable contest . . . **CE2WZ**. Nice contest . . . **LY5M**. Worked all old fashion style - no cluster . . . **LA5LJA**. Poor sunspots, but still lots of DX to find . . . **G3VKW**. All QSO's but two made in the CQWW-DX-CW-Contest . . . **DL4AAE**. Second year doing the DX Marathon, and great fun again! . . . **VK4EI**. Since I have a small beam (MA-5) at 30 feet, I wish I didn't have to put my 100 watts in the unlimited class with people running KW+ and large antennas . . . **K6LE**. Thank you again for running this annual event . . . **VE4KZ**. Thanks for running the contest in 2012, I had great fun again this year . . . **VK4CC**. Thanks to CQ and all for a fun event . . . **K5IS**. This entry is 'ALL DIGITAL'. Lots of hard work, but can't say it wasn't fun. Wife says she happy it's over . . . **N5ZM**. This is a great contest for all levels - plenty of time to chase all entities, and a real test against oneself to beat one's previous year score . . . **VK3FM**. I didn't have quite the year I was hoping for on the bands, but still had a lot of fun trying to rack up DX . . . **W9KVR**. This was not a bad year for me, but I did have to work hard to place my "Unlimited" station a few contacts ahead of my good friend N4RI who was running 100W to dipoles in his attic . . . **W4CU**. This year I have increased my last year score by 11 points. Hope to do even better in 2013. GL to all . . . **9A2EU**. This year I tried to put in a full year and hope I did ok. Sure makes radio fun again, thanks for a great contest . . . **WG5G**. Very disappointing year as I came in 21 points behind 2011. However, I really enjoy the contest and will try my best to break the 200 point barrier . . . **KFØIQ**. Very nice to work the Marathon. I enjoyed it and will work it in 2013 . . . **CO2AJ**. Was rewarding to make contact in all 40 zones . . . **N7GVV**. Wish 12m had been open more often. Thanks to all the "good ears" people . . . **NØCKC**.
