## 8 RESULTS OF THE CQWW WPX SSB CONTEST

By Bud Trench, AA3B

CQ's WPX contests are "everybody works everybody" events and hams around the world "jump into the pool." Here's the setup at DV1IHW in the Philippines, where Elvin and four friends – 4G1LD, 4G1LDE, DV1VTZ and DV1TCP – operated multi-single low-power in the 2022 WPX SSB Contest. They placed third in Oceania. (More details on page 60; see page 8 for contest results and page 96 for complete scores)

## features

- 18 **CQ INTERVIEWS: RTTY CONTESTER JULIO TARRACO, PY2XV**  
PT2ZDX Explores the Legendary South American RTTY Contester While Looking Back at the History of the Mode
